Description

Microsoft Office 2021 Home & Student (PC)

Creative. Forward-looking. Easy to use.

A lifetime investment in creative technology, Office 2021 Home & Student is your new front-row seat to the future of Microsoft innovation. Powered by artificial intelligence, the new productivity suite delivers on Microsoft's ongoing commitment to empowering every user with more capable, personal, and intelligent technology than ever before.

If you're an entrepreneur, student, or small business owner, tired of feeling like you're using out-of-date applications? Upgrade to the latest and most innovative tools today! Get the improved version of your favorite applications with new innovative additions to make life easier. Satisfy clients and teachers by being able to impress them in every field!

Discover Microsoft Office as it has never been seen before on all Windows-based personal computers. Expect elegant design elements, ultra-fast performance, a new facelift to the design, and always up-to-date features without missing out due to costs, subscriptions, or availability.

Maximize your personal time now that you have access to Office 2021 Home & Student on your PC or Mac, and even on Windows-based tablets! Each application is made and kept up-to-date with today's competitive market by the leading computer-software giant with an impressive history of innovation.

The new design is easy to use, and seamless integration allows you to collaborate with others more easily than ever before. The classic apps that come with Microsoft Office 2021 are Word, Excel, and PowerPoint. With a perpetual license and apps included, it's never been easier to get started with Microsoft Office. Get Your product key today and install on one pc or mac.

Features

As expected, Microsoft Office is releasing a new version that features many new capabilities that are described fully here. Highlights include support for OpenDoc format 1.1 and new Excel features, presentation recording functionality, and new translation functionality for Outlook. A new smart Search box is added to each Office application's top page to help users find information quickly. All the applications received visual updates which align the user experience with Microsoft Windows 11.
